The **Service for Dedication and Thanksgiving** for the restoration work on St Mary's Church led by the Bishop of Selby, The Rt Revd Dr Flora Winfield was a great celebration of the work done over the past year by villagers and contractors, funded by National Lottery Heritage Fund and by UK Government.

The work on the Heritage Projects continues and there is a **touch screen** in the church now illustrating the history of the church and the four projects, this is still in its development stage. Come down to church and look at the work that villagers are doing on the projects; the church is open in daylight hours. There is a **timelapse film** of the work done on the floor which shows a lot of the renovation.
