# National Heritage Lottery Project

The new water supply in the churchyard has been laid. Yorkshire Water will start work to connect to the mains water supply on 27th November along the road leading down to church, which will take 3 days to complete. A new soak away has been constructed at the back of church to improve the rain water drainage from the church.

The tender documents for the internal work will be going out to contractors in the next few days with work starting early in 2024. This will enable the church to be a more flexible space for village community events with new seating, flooring and heating.

**If you would be interested in purchasing one of the pews from the church or sponsoring one of the new chairs please contact Sue Dale 01377 288485 or Ruth Braithwaite on 07392832875**

The Heritage Projects are continuing to develop and information about them is up in church for you to look at and if you would like to join in supporting the work please let Ruth Braithwaite on 07392832875 know and she will put you in contact with the Project Lead. The children can keep working on finding the Mysterious Marks inside and outside of church if they have time during the half term holiday.

## **Recycling of pill blister packaging**

Funding for most collection schemes at surgeries and pharmacies has ended (the cost of recycling is greater than the value of the materials generated). However Aldi is now funding a scheme and individuals can print free mailing labels to post blister packs to Terracycle from <https://www.terracycle.com/en-GB/brigades/aldi-uk>
